WHY GET A DOMAIN NAME?

Your domain name, i.e. your online address, is, in essence, your digital 'identity card' - the first thing people will see and recognize you by. With mobile Internet usage steadily growing and attention spans getting shorter and shorter, registering a domain name that is easy to discover and remember is becoming more and more crucial for building a successful online presence.

At HostWorldServices, you will find a wide array of domain extensions. We are partnering with multiple ICANN-accredited registrars, which allows us to choose where to get a specific TLD from. This is also the reason why you will find our domain registration prices among the lowest on the Internet. Plus, the ICANN accreditation speaks for itself - it means that you are dealing with a reputable partner.

As soon as you've registered a domain with HostWorldServices, you'll gain access to our advanced Domain Manager interface, which allows you to control everything domain-related - from WHOIS info updates to DNS record modifications. Plus, you'll be able to manage multiple domain names at the same time with ease.

WHY HostWorldServices:

- **A Wide Variety of TLDs**
- **Simple Multi-Domain Management**
- **Easy DNS Controls**
- **Fast WHOIS Management**
- **Unlimited Parked Domains**
- **24/7 Support**

A FREE DOMAIN NAME

Your domain name will come at absolutely no cost if you also get a hosting account with us. It will remain free of charge for as long as you keep your hosting account active. You can choose from among multiple TLDs.

If you already have a domain name, you can transfer it over to us free of charge. Each year, it will be renewed for free as well.

* only with Basic plan

* not valid with cPanel hosting plans
